

EC21 (ENLARGED HEART MODEL 3 PARTS)

1. Superior vena cava
2. Aorta
3. Pulmonary trunk
4. Aortic arch
5. Ascending aorta
6. Left pulmonary a.

7. Right pulmonary a.
8. Brachiocephalic trunk
9. Left common carotid a.
10. Left subclavian a.
11. Left pulmonary v.
12. Right pulmonary v.
13. Inferior vena cava
14. Right coronary a.
15. Small cardiac v.
16. Right marginal branch
17. Left coronary a.
18. Interventricular coronary a.
19. Great cardiac v.
20. Left marginal branch
21. Right posterior ventricular v.
22. Posterior cardiac v.
23. Posterior cardiac a.
24. Middle caeliac v.
25. Branch of interventricular septum
26. Posterior interventricular branch
27. Posterior branch of right ventricle
28. Branch of atrioventricular node

29. Posterior branch of left ventricle
30. Anterior right ventricular branch
31. Left auricle
32. Right auricle
33. Right ventricle
34. Left ventricle
35. Anterior interventricular groove
36. Cardiac apex
37. Superficial layer
38. Middle layer
39. Deep layer
40. Left atrium
41. Right atrium
42. Fossa ovalis
43. Valve of pulmonary trunk
44. Aortic valve
45. Bicuspid valve
46. Tricuspid valve
47. Anterior papillary m.
48. Posterior papillary m.
49. Interventricular septum
50. Pectinate m.
